**ESD sicher**

## BESCHREIBUNG

This self adhesive tape is suitable for defining the boundaries of ESD Protected Areas (EPAs). It adheres very well to synthetic floor tiles and also concrete floors. The tape is highly visible and raises awareness of an ESD area.

- Prior Vermason Item Number: C3000
- Size: 75mm wide, 33m long tape (without arrows)
- Suitable for defining the boundaries of ESD Protected Areas (EPAs)
- Self adhesive
- PVC, laminated with clear polypropylene for durability and washability
- Life expectancy three to eight months, longer in low traffic areas
