

## Declaration of Conformity in accordance with Regulation (EU) 2025/40 (PPWR)

### 1. Manufacturer

#### AUER GmbH

Am Kroit 25/27

83123 Amerang - Germany

### 2. Product Identification

|                            |                                                   |
|----------------------------|---------------------------------------------------|
| Product                    | Euro container cases 2GL                          |
| Type                       | ED 64/42 HG 2GL                                   |
| Outer dimensions L x W x H | 60 x 40 x 43.5 cm                                 |
| Inner dimensions L x W x H | 57 x 37 x 40.7 cm                                 |
| Volume                     | 88 liter                                          |
| Weight                     | 3.97 kg                                           |
| Material                   | Multiple components – see material specifications |
| Purpose                    | Reusable transport and storage containers         |

### 3. Declaration of Conformity

It is hereby declared that the reusable plastic container described above complies with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), insofar as these apply to the product.

The container has been designed, in terms of its construction and the materials used, in such a way that:

- it can be reused multiple times
- a high level of mechanical strength is achieved
- reusability is supported
- the recyclability of the material used is guaranteed
- the amount of material is limited to what is required to fulfil its functional requirements

#### 4. Material specifications

| Component                             | Material                          | SKU         |
|---------------------------------------|-----------------------------------|-------------|
| Container                             | Polypropylene (PP)                | EG 64/42 HG |
| Lid                                   | Polypropylene (PP)                | SD DE 64    |
| Hinges and Latches                    | High-Density Polyethylene (HD-PE) | SC26        |
| Rounded head screw KN1038, plastic    | FE                                | SLK 4x14-K  |
| Hinges and Latches                    | Polyamide (PA)                    | VCL3264     |
| Hinges and Latches                    | Polyamide (PA)                    | VCR3264     |
| Attachment for foldable handle E KG G | Polyamide (PA)                    | E KG A      |
| Frame for foldable handle E KG G      | Polyamide (PA)                    | E KG B      |
| Axle matching 1G foldable handle      | V2A                               | E KG AR     |
| Leg spring                            | FE                                | E KG F      |
|                                       | FE                                | SLK 5x14    |
|                                       | Thermoplastic elastomer (TPE)     | MU M5       |
| Recyclability                         | 100% recyclable                   |             |
| Rating                                | Recycling Class A                 |             |

#### 5. Reuse

The container is designed as a durable, reusable container for storage, transport and internal logistics processes. These characteristics meet the requirements for reusable packaging as set out in the PPWR.

#### 6. Compliance with material requirements

| Requirements             | Status                  |
|--------------------------|-------------------------|
| Heavy metals (<100 ppm)  | fulfilled               |
| REACH (EG Nr. 1907/2006) | fulfilled               |
| PFAS*                    | not added intentionally |

\*The materials used comply with the relevant requirements for plastics intended to come into contact with food. To the best of our knowledge, no per- and polyfluoroalkyl substances (PFAS) are intentionally added, insofar as this is relevant to the intended use.

#### 7. Minimising the amount of packaging

| Requirements                | Status                                                          |
|-----------------------------|-----------------------------------------------------------------|
| Optimised volume and weight | fulfilled      Design optimised for materials and functionality |

#### 8. Applicable legal basis

Regulation (EU) 2025/40 on packaging and packaging waste (PPWR)

Regulation (EC) No 1907/2006 (REACH), where applicable

POPs Regulation (EU) 2019/1021

Regulation (EU) No 10/2011

Consumer product within the meaning of Section 2(6)(1) of the German Food, Consumer Products and Animal Feed Code (LFGB)

**9. Technical documentation**

The technical documentation, material certificates, test reports and any available certificates and declarations of conformity are maintained in accordance with the applicable legal requirements and made available to the relevant authorities or authorised bodies upon request.

**10. Place and date of the exhibition**

Amerang, 08.10.2026

**11. Name and position of the signatory**

Sergej Andert, Managing Director
