

## Declaration of Conformity in accordance with Regulation (EU) 2025/40 (PPWR)

### 1. Manufacturer

#### AUER GmbH

Am Kroit 25/27

83123 Amerang - Germany

### 2. Product Identification

|                            |                                                   |
|----------------------------|---------------------------------------------------|
| Product                    | ESD lightweight pallets with retaining edge       |
| Type                       | ESD LP 1208K                                      |
| Outer dimensions L x W x H | 120 x 80 x 16.2 cm                                |
| Weight                     | 7.5 kg                                            |
| Material                   | Multiple components – see material specifications |
| Purpose                    | Reusable transport and storage pallet             |

### 3. Declaration of Conformity

It is hereby declared that the reusable plastic pallet described above complies with the applicable requirements of Regulation (EU) 2025/40 on packaging and packaging waste (PPWR), insofar as these apply to the product.

The range has been designed in terms of construction and materials used in such a way that:

- it can be reused multiple times
- a high level of mechanical strength is achieved
- reusability is supported
- the recyclability of the material used is guaranteed
- the amount of material is limited to what is required to fulfil its functional requirements

### 4. Material specifications

| Component                                   | Material          | SKU         |
|---------------------------------------------|-------------------|-------------|
| ESD lightweight pallets with retaining edge | PP                | ESD LP 1208 |
| ESD wide skid                               | PP                | ESD KULP-B  |
| Spare parts for ESD lightweight pallets     | PP                | ESD KULP-S  |
| Recyclability                               | 100% recyclable   |             |
| Rating                                      | Recycling Class A |             |

### 5. Reuse

The pallet is designed as a durable, reusable pallet for warehousing, transport and internal logistics processes.

These features meet the requirements for reusable packaging as set out in the PPWR.

## 6. Compliance with material requirements

| Requirements             | Status                                      |
|--------------------------|---------------------------------------------|
| Heavy metals (<100 ppm)  | fulfilled                                   |
| REACH (EG Nr. 1907/2006) | fulfilled                                   |
| PFAS*                    | Not relevant; not suitable for food contact |

\*To the best of our knowledge, no per- and polyfluoroalkyl substances (PFAS) are intentionally added to the materials used.  
The product is not intended for direct contact with food.

## 7. Minimising the amount of packaging

| Requirements                | Status                                                          |
|-----------------------------|-----------------------------------------------------------------|
| Optimised volume and weight | fulfilled      Design optimised for materials and functionality |

## 8. Applicable legal basis

Regulation (EU) 2025/40 on packaging and packaging waste (PPWR)  
Regulation (EC) No 1907/2006 (REACH), where applicable  
POPs Regulation (EU) 2019/1021

## 9. Technical documentation

The technical documentation, material certificates, test reports and any available certificates and declarations of conformity are maintained in accordance with the applicable legal requirements and made available to the relevant authorities or authorised bodies upon request.

## 10. Place and date of the exhibition

Amerang, 08.10.2026

## 11. Name and position of the signatory

Sergej Andert, Managing Director
