Art.-No.	4-600-0
Description	ESD tool holder STOREY (without tools)
Application	for standing or hanging at the ESD workplace
Specification	for standing or hanging at the ESD workplace

Material	Steel sheet
Surface/Coating	ESD powder coated RAL 9005 black
Features	dissipative
Surface resistance	10^4 to 10^5 Ohm

Total length	measures 125 × 55 × 70 mm
Weight	weight 175 g

Application and technical data

The practical tool stand STOREY is made of sturdy 1.5 mm sheet steel, and provided with a high-quality and dissipative black powder coating. By means of the recess, the screwdrivers can be held well in position, they can be quickly grabbed and put down again. The screwdriver blade tips well visible, can be quickly selected. The tool holder can be both set up and hung, two holes on the back allow easy wall mounting.

Often used in the EPA area, where uncontrolled discharge of tools or objects must be avoided at all costs. (EPA suitable for work in electrostatic protected areas: ESD workstation / ESD protection zone).
