

protective jaws plastic (pair) 100 mm

Art.-No.**9-900-S7100****Description**

protective jaws plastic (pair) 100 mm

Features

suitable for vise jaws width 100 mm

with magnetic strips or magnetic points

one smooth side for clamping parts with scratch-sensitive surfaces

other side with prisms, grooves for clamping oval and round parts

PLASTIC = durable, hard-wearing, water and oil-resistant, abrasion-resistant, insulating

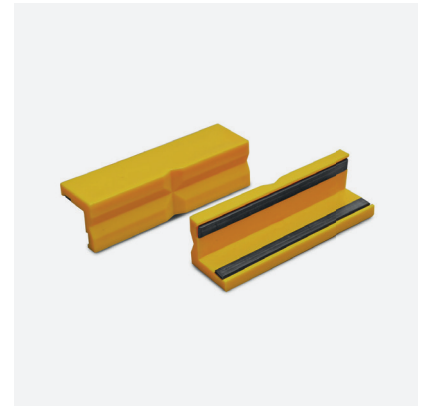

made of plastic yellow

Packing unit pair

more protective jaws search field input 9-900

approx dimensions 100 × 28 × 7 mm

weight 72 g

**Application and technical data**

The plastic protective jaws sit perfectly on any vice with steel jaws due to their double magnetic strip. They protect sensitive components from scratches or damage. Thanks to the longitudinal and transverse grooves, round objects can also be securely clamped. If the grooves interfere with clamping, the smooth surface on the other side can also be used.
