

Protective Box SK2 160x240, Anodized Aluminum - Bosch Rexroth 3842345105

Item no. BRR-3842345105

Manufacturer Bosch Rexroth

Protective box SK2 in size 160x240 mm, made of anodized aluminum and PA 66. Shields components of the lift-transverse units in the TS 2plus transfer system from contamination and mechanical stress.

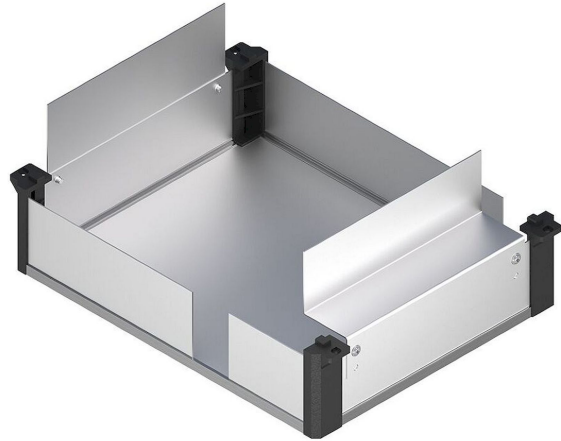

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **73089059**

Weight **0.1 kg**

DESCRIPTION

The Protective Box SK2 160x240 is a protective cover for the components of the lift-transverse units in the Bosch Rexroth TS 2plus transfer system. It is intended for design engineers and plant builders working with cross-transport technology and securely covers the drive and functional area of the lift-transverse unit.

- Housing made of anodized aluminum and PA 66 for high durability
- Protects against contamination and mechanical stress
- Matched to the lift-transverse units of the TS 2plus
