STANDARDS & COMPLIANCE

ISO4032

DESCRIPTION

The Bosch Rexroth suspension piece allows pre-assembled frames to be fitted into and removed from prepared supporting structures made of aluminium profiles very quickly. It is intended for jig and fixture construction in assembly technology.

- Very quick fitting and removal of pre-assembled frames
- Both parts are screwed in to protect against unintentional lifting out
- Durable diecast zinc

Note on the Machinery Directive 2006/42/EC: fastening parts may work loose during disassembly.
