

Material Shuttle Logistics Economic, 2 Shelves, ESD, Rubber Castors - Bosch Rexroth 3842518121

Item no. **BRR-3842518121**

Manufacturer **Bosch Rexroth**

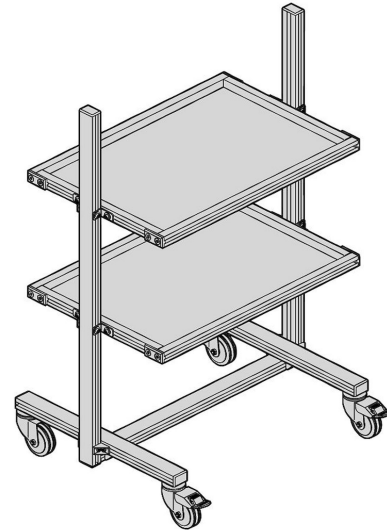

Mobile material shuttle in ESD-conductive design with two material shelves for ergonomic provision of containers and tools at assembly workstations. It supports the two-bin principle (Kanban) and moves safely on rubber castors with locking mechanism. Suited to medium-duty manual assembly and intralogistics environments.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

HS-Code **94032080**

Weight **16.044 kg**

28934

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Material Shuttle Logistics Economic in ESD-conductive design provides ergonomic supply of containers (Kanban), materials, measuring instruments and other aids at Rexroth workstations. With two material shelves it is suited to implementing the two-bin principle in manual assembly and intralogistics.

- Two material shelves for the two-bin principle
- Adjustable shelf height, offset and tilt for ergonomic grabbing
- ESD-conductive version to protect electronic components
- Rubber-tired castors with locking mechanism for safe movement and positioning
- Designed for medium-duty applications

TECHNICAL DATA

Version	Economic
Material shuttle height (H)	1000 mm
Width of material shelf (BE)	610 mm
