

Clamping Profile LF20C, Aluminum Anodized, Slot 10, L3000 mm - Bosch Rexroth 3842518898

Item no. BRR-3842518898

Manufacturer Bosch Rexroth

The LF20C clamping profile clips into any slot 10 of a strut profile and holds the guide rods securely in place. It serves as a rod mount within the modular aluminum profile system and is supplied in standard length.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **76042100**

Length **3000 mm**

Weight **55 kg**

DESCRIPTION

The LF20C clamping profile clips into any slot 10 of a strut profile and holds the guide rods. It is used to build rod guides within the modular aluminum profile system and is intended for special-purpose machinery and fixture construction.

- Simple clip-in mounting into profile slot 10 with no additional machining
- Anodized aluminum surface, corrosion-resistant and low-maintenance
- Supplied in standard length as a packaging unit
