

Bracket 30x30 ESD, Slot 10, Diecast Aluminum, Set with Fastening Material - Bosch Rexroth 3842523532

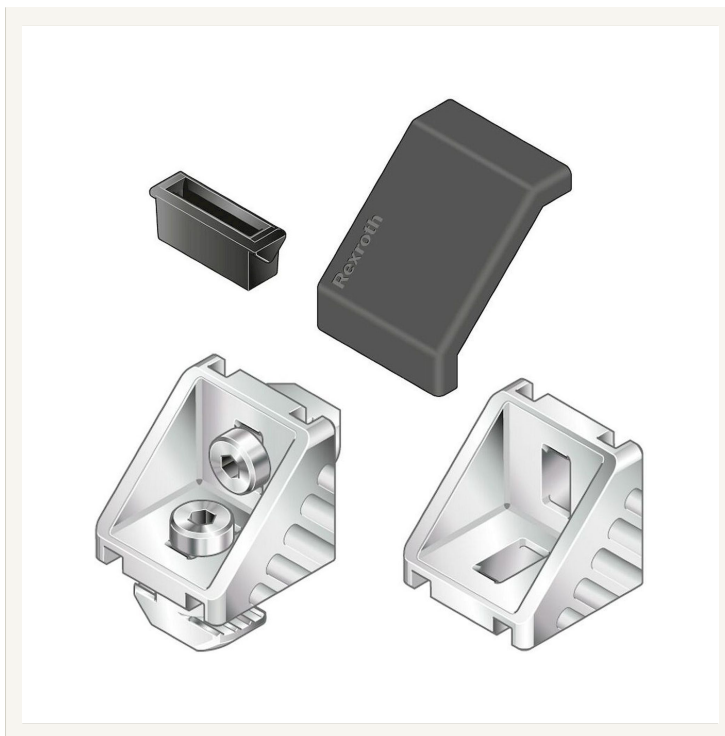

Item no. BRR-3842523532

Manufacturer Bosch Rexroth

Bracket 30x30 in vibratory-ground diecast aluminum for joining slot 10 aluminum profiles at a right angle. ESD-capable and supplied as a complete set with fastening material. Used to build frames, racks and fixtures in assembly technology.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Germany
HS-Code	83024900
Weight	0.048 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth 30x30 bracket connects two slot 10 aluminum profiles securely at a right angle. It is made of vibratory-ground diecast aluminum, is ESD-capable and ships as a complete set with matching fastening material. Suitable for frames, racks, guarding and fixtures in machine and equipment construction.

- Right-angle profile connection for slot 10
- ESD-capable for applications with dissipation requirements
- Complete with fastening material - ready to install
- Rated up to 75 Nm bending moment

TECHNICAL DATA

Profile slot	10
Dimensions	30x30
ESD	yes
Bending moment 1	25 Nm

Bending moment 2	75 Nm
Bracket material	Diecast aluminum, vibratory ground
Fastening material	Steel, galvanized
Fastening set	4x intermediate element 8/10, 2x cylinder head screw DIN7984-M6x18, 2x T-nut slot 10 M6
Scope of delivery	Bracket (standard) incl. fastening material
Recommended accessories	Intermediate element slot 10 mm (3842523537), cover cap 30x30 signal gray (3842548846), cover cap 30x30 black (3842548847)
Weight	0.048 kg
