DESCRIPTION

The spring clamping element WG30 WG40 is a fastening component for the Bosch Rexroth EcoSafe safety guards and partitions. It holds the infill panels of the WG30 and WG40 safety fences firmly in the profile frame and is intended for design and assembly engineers in machine and plant construction.

- Made of stainless spring steel for lasting clamping force and corrosion resistance
- Reliable fixing of infill panels in the WG30 and WG40 systems
- Economical packaging unit of 100 pieces
