STANDARDS & COMPLIANCE

ISO4762 ISO4032

DESCRIPTION

The Bosch Rexroth door lock secures swing and sliding doors on safety enclosures and machine frames built from aluminum profiles. The uniform locking version is intended for designers and system builders who want to close several doors with one common key.

- Uniform locking: all locks open with the same key
- Opens to the right and left
- Suitable for swing and sliding doors
- Robust housing in diecast aluminum
- Fits profile slot 8 and 10 as well as 45x45 and 30x30 profiles
