

P40 Butt Connector for End-Face Profile Joining - Bosch Rexroth 3842529293

Item no. BRR-3842529293

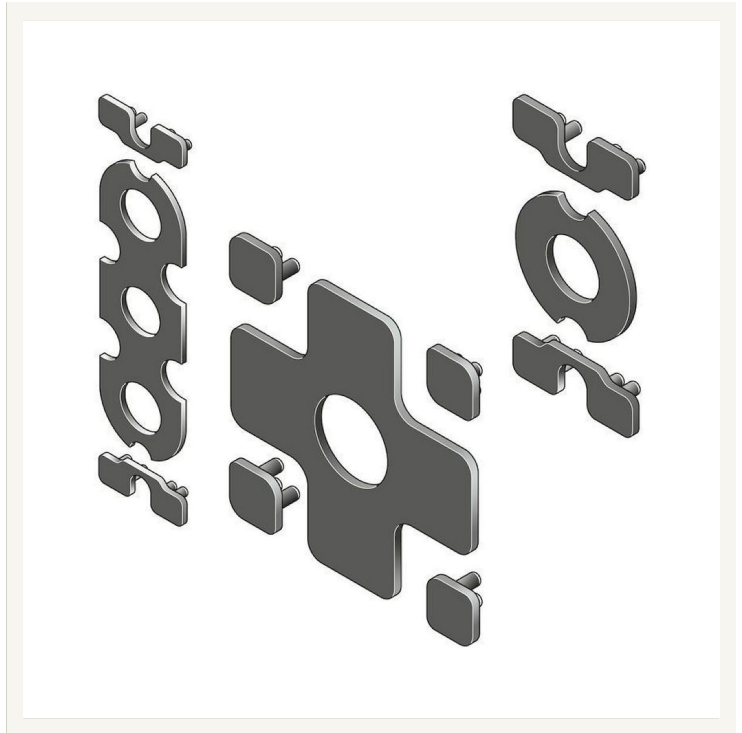

Manufacturer Bosch Rexroth

The Bosch Rexroth P40 butt connector joins two P40 series aluminium profiles at their end faces to create a firm, flush connection. It can be used as a one-sided or two-sided connector and suits profile and fixture construction.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.0099 kg**

DESCRIPTION

The Bosch Rexroth P40 butt connector joins two P40 series aluminium profiles end-to-end to create a firm, aligned connection. It is intended for users in profile and fixture construction.

- End-face joining of two profiles
- Can be used as a one-sided or two-sided connector
- Low weight of about 9.9 g

TECHNICAL DATA

Type	Butt connector
Profile series	P40
Function	End-face joining of two profiles
Standard profile machining (two-sided)	Through-hole D17
Standard profile machining (one-sided)	Blind hole DB17 or through-hole D17
Weight	0.0099 kg
Manufacturer part number	3842529293
