DESCRIPTION

The Bosch Rexroth 40x40 cable duct routes electrical lines cleanly and protected along aluminum profile structures used in assembly technology. It is aimed at control cabinet and plant construction, where cabling must stay tidy and accessible at all times.

- Captive cover, very easy to access
- Large usable volume for many lines
- Simple, fast assembly by clipping into the 10 mm slot
- Cover cap with pre-punched holes for running cables through
- VDE certified
