

Brake D32/50 ESD, Galvanized Steel - Bosch Rexroth 3842532881

Item no. BRR-3842532881

Manufacturer Bosch Rexroth

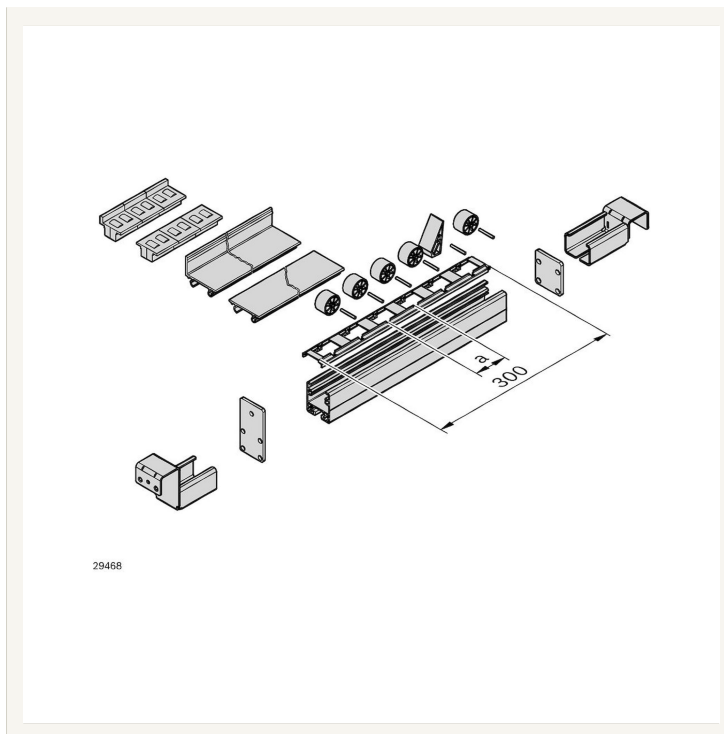

Brake element in galvanized steel for gravity roller conveyors with roller diameters from 32 to 50 mm. ESD-capable and therefore suitable for areas with electrostatic protection requirements. Controls the conveying speed of bins and load carriers.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

HS-Code **73251000**

Weight **0.042 kg**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Brake D32/50 from Bosch Rexroth is an ESD-capable braking element for gravity roller conveyors in manual production systems and lean shelving. It limits the speed of bins on roller tracks with roller diameters from 32 to 50 mm, ensuring a controlled material flow at the workstation.

- ESD-capable for areas with electrostatic protection requirements
- Robust design in galvanized steel
- Suitable for roller diameters D32 to D50
- Low weight of 0.042 kg

TECHNICAL DATA

ESD	yes
Material	Steel, galvanized
Weight	0.042 kg
Packaging unit	20 pieces
