

Quick Connector N10/8, 0°, ESD, Steel Galvanized - Bosch Rexroth 3842535464

Item no. BRR-3842535464

Manufacturer Bosch Rexroth

Quick connector for fast joining of aluminium profiles in slots 8 and 10. Delivers a strong connection with 70 Nm bending moment, is ESD-capable and made of galvanized steel. For profile framework assembly.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

HS-Code **83024900**

Weight **0.0266 kg**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Bosch Rexroth quick connector joins two aluminium profiles of slot sizes 8 and 10 quickly and without elaborate machining. It is suited to building profile frames and structures in assembly technology and, as an ESD variant, is suitable for electrostatic discharge protected work areas.

- Fast assembly into the profile end face and slot without welding
- Strong connection with a bending moment of 70 Nm
- ESD-capable for electrostatic discharge protected areas
- Rectangular head shape for reliable force transmission

TECHNICAL DATA

Attribute	Value
Profile slot	8; 10
Profile slot P1/P2	8 / 10
ESD	yes
Head shape	rectangular
