Stop gate for the Eco Flow 500 transfer system, used to halt and singulate workpiece pallets in a controlled way along the conveyor. Roller length (EL) 425 mm, fastening material included. Supplied as pre-assembled components.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **1.77 kg**

00138981

DESCRIPTION

This stop gate is designed for the Bosch Rexroth Eco Flow 500 accumulating roller transfer system and provides defined stopping and singulation of workpiece pallets in the material flow. It is intended for designers and maintenance staff of assembly and conveyor systems.

- Defined stopping and singulation of workpiece pallets
- Roller length (EL) 425 mm
- Fastening material included
- Delivered as pre-assembled components

For a defined stopping action, the use of a workpiece pallet with corner pieces is recommended.
