

Return Stop Eco Flow 300, EL 225 mm - Bosch Rexroth 3842537898

Item no. BRR-3842537898

Manufacturer Bosch Rexroth

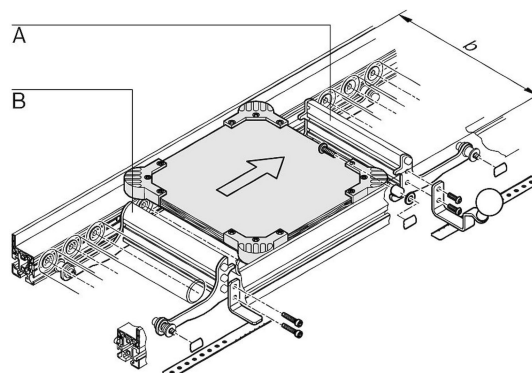

Return stop for the Eco Flow 300 roller conveyor system with a roller length of 225 mm. It prevents workpiece pallets from running backwards and ensures a defined conveying direction. Supplied pre-assembled and including fastening material.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **1.35 kg**

DESCRIPTION

The return stop is a functional element for the Bosch Rexroth Eco Flow 300 roller conveyor system. It prevents workpiece pallets from running back along the conveyor line and maintains a defined transport direction within the material flow. Suitable for design engineers and machine builders in assembly and conveyor technology.

- Secures the conveying direction and blocks the return of workpiece pallets
- Roller length (EL) 225 mm to match the track width
- Delivered as components, pre-assembled, including fastening material

For a defined stopping mechanism we recommend using a workpiece pallet with corner pieces.

TECHNICAL DATA

Type	Return stop
System	Eco Flow 300
Roller length (EL)	225 mm
Weight	1.35 kg
Scope of delivery	Incl. fastening material
Delivery information	Delivered as components, pre-assembled
