

Damping plate D79, PUR, for leveling feet - Bosch Rexroth 3842538559

Item no. BRR-3842538559

Manufacturer Bosch Rexroth

The D79 damping plate in PUR prevents the transfer of vibrations and allows a defined conduction of voltages via a set of grounding components. It is used in leveling feet that compensate floor irregularities up to 10 degrees.

TECHNICAL DATA

Colour	Black
Country of Manufacture	Italy
HS-Code	39269097
Weight	0.034 kg

DESCRIPTION

The D79 damping plate is the resilient pad for leveling feet in the Bosch Rexroth assembly technology modular system. It prevents the transfer of vibrations into the floor and ensures a defined conduction of voltages through a set of grounding components. It is intended for machine and equipment builders who need to set up frames and structures with stable, low-vibration support.

- Reduces the transfer of vibrations into the floor
- Defined conduction of voltages via grounding components
- Part of a modular system of freely combinable spindles and base plates
- Compensates floor irregularities up to 10 degrees

TECHNICAL DATA

Profile slot	8; 10
Diameter D	79 mm
Force F	2800 N
Material	PUR
Color	Black
Weight	0.034 kg
Packaging unit	20 pcs
