

Oval Base Plate D59 with Screw Hole, Diecast Zinc Black - Bosch Rexroth 3842538679

Item no. BRR-3842538679

Manufacturer Bosch Rexroth

The oval base plate D59 is part of the Bosch Rexroth leveling feet system and is fixed to the floor through its central screw hole. It accepts the threaded spindle and compensates for floor irregularities up to 10°. Made of powder-coated diecast zinc, rated up to 30000 N.

TECHNICAL DATA

Colour	Black
Country of Manufacture	Turkey
HS-Code	79070000
Lenght	100 mm
Weight	0.217 kg

21896

DESCRIPTION

The oval base plate D59 belongs to the modular leveling feet system from Bosch Rexroth and forms the floor contact for height-adjustable frames and machine base structures. It is bolted firmly to the floor through the central screw hole and receives the threaded spindle of the leveling foot.

- Screw hole for simple fixing to the floor
- Compensates for floor irregularities up to 10°
- Freely combinable with spindles and other base plates
- Rated up to 30000 N per foot
- Corrosion-protected powder-coated diecast zinc
