

Inner Connector for Side-Guide Profile Rail, PA - Bosch Rexroth 3842539345

Item no. BRR-3842539345

Manufacturer Bosch Rexroth

Internal push-in connector made of polyamide for end-to-end joining of the side-guide profile rails in the VarioFlow plus chain conveyor system. Creates an aligned, stable transition between two rail sections. Supplied in packaging units of 10.

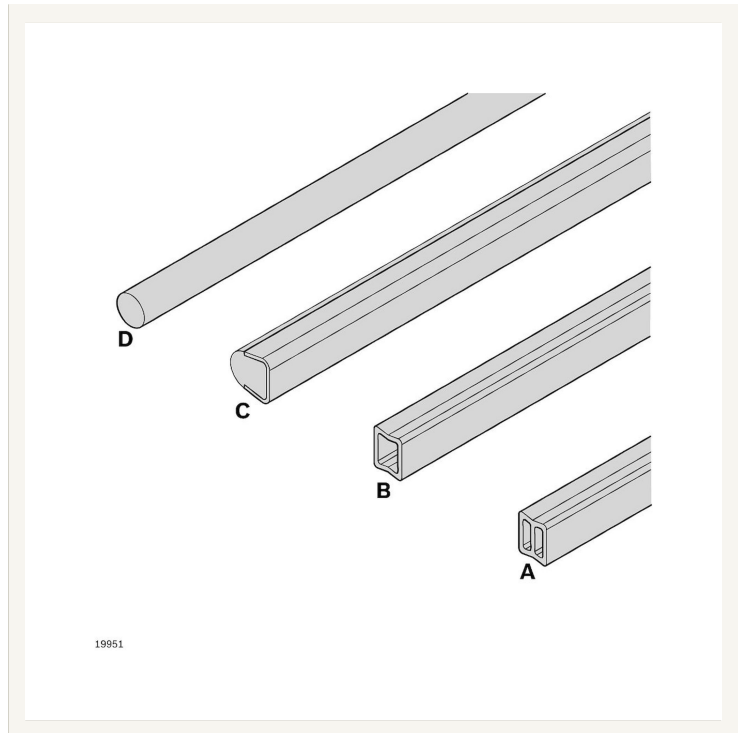

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Italy**

HS-Code **39269097**

Weight **3 kg**

DESCRIPTION

The inner connector is a plug-in plastic component for end-to-end joining of the side-guide profile rails in the Bosch Rexroth VarioFlow plus chain conveyor system. It is inserted inside the profile and creates an aligned, stable transition between two rail sections.

- Made of polyamide (PA), corrosion-free and low-maintenance
- Internal mounting for a continuous, smooth guide surface
- Tool-free push-in assembly into the profile rail
- Supplied in packaging units of 10
