

Guide Rod LF20 VA, Stainless Steel, Induction Hardened, L=2900 mm - Bosch Rexroth 3842539416

Item no. BRR-3842539416

Manufacturer Bosch Rexroth

Stainless steel (VA) guide rod LF20 that serves as the running track for the LF20S roller guide. The solid shaft is induction hardened and polished for wear resistance and corrosion protection. Supplied as a single rod in 2900 mm standard length.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84831095**

Weight **5 kg**

DESCRIPTION

The LF20 guide rod serves as the running track for the LF20S roller guide in assembly and linear technology. It is supplied as a single rod in standard length and is designed for precise, durable linear motion.

- Solid stainless steel shaft (VA), induction hardened and polished for high wear resistance
- Corrosion resistant thanks to the stainless steel design
- Supplied ungreased; greasing according to the assembly instructions

TECHNICAL DATA

Condition on delivery	Single rod in standard length
Material	Solid shaft VA (stainless steel), induction hardened, polished
Length (L2)	2900 mm
Mass (m)	2.47 kg
Weight	5 kg
Packaging unit	20
Delivery information	Ungreased, greasing according to assembly instructions
