

Parallel Connector N8, Galvanized Steel, Slot 8 - Bosch Rexroth 3842542737

Item no. BRR-3842542737

Manufacturer Bosch Rexroth

The parallel connector N8 joins two strut profiles gap-free, parallel to the axis or at any angle. Two sliding blocks with welded springs allow simple, concealed assembly. Suitable for example for material shelves.

TECHNICAL DATA

Country of Manufacture **China**

HS-Code **83024900**

Weight **0.023 kg**

DESCRIPTION

The Bosch Rexroth parallel connector N8 joins two strut profiles gap-free, parallel to the axis or at any angle. It consists of two sliding blocks with welded springs and provides a simple, concealed interior connection, for example on material shelves.

- Gap-free connection of two profiles, axis-parallel or at an angle
- Connection possible in any position
- Attractive interior connection
- Transferable displacement force per connector: 600 N

TECHNICAL DATA

Article number	3842542737
Profile slot	8
Diameter D	7.8 mm
Length l	16 mm
Transferable displacement force	600 N
Profile finishing	Through-hole
Material	Sliding block: steel, galvanized; spring: spring steel, stainless

Scope of delivery	Sliding block with spring, swivel-in sliding block with spring, countersunk screw M5
Packaging unit	10
Weight	0.023 kg
