## DESCRIPTION

The PE 5 Basic protective sleeve from Bosch Rexroth is a trap guard that clips into the openings in the protective covers over the lifting plungers. It is intended for the PE 5, PE 5/T, PE 5/L and PE 5/L-T lifting positioning units and is aimed at system integrators and maintenance teams working with the ST 5 transfer system.

The number of sleeves required depends on the track width and workpiece pallet length; the PE 5 protective sleeve (3842545966) is used in addition. Refer to the assembly instructions for the installation dimensions. Note: do not walk on the protective covers.
