

Drive Base Unit 65+ STS Direct, Stainless Steel VarioFlow Plus - Bosch Rexroth 3842547522

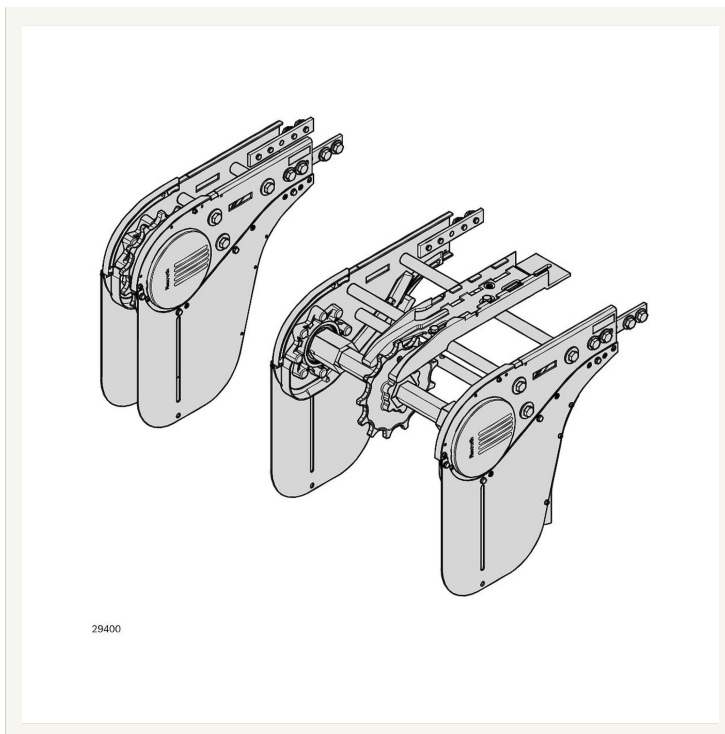

Item no. BRR-3842547522

Manufacturer Bosch Rexroth

Base unit forming the drive and return station for the VarioFlow plus stainless steel chain conveyor system in size 65. Corrosion-resistant 1.4301 stainless steel construction for hygiene-sensitive applications. Delivered fully assembled with fastening material, connector and chain guard.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	84313900
Weight	4.79 kg

DESCRIPTION

The base unit forms the drive and return station for the VarioFlow plus stainless steel chain conveyor system in size 65. It is designed for system integrators and operators in hygiene-sensitive sectors such as food, pharmaceutical and packaging.

- Corrosion-resistant design in non-rusting steel 1.4301
- Delivered fully assembled, including fastening material, connector and chain guard
- Direct drive (STS direct) for a compact drive solution

TECHNICAL DATA

Attribute	Value
Size [b]	65 mm
Actual chain length	2x 0,2 m
Effective sliding rail length	0,881 m
Material housing and connector	stainless steel 1.4301
Material ball bearing	stainless steel 1.4301/FDA
Material chain wheel and chain guide	PA
Material hexagonal shaft	PA (up to size 160)
Scope of delivery	incl. fastening material

Attribute	Value
Delivery information	fully assembled; connector and chain guard enclosed
Weight	4,79 kg

Required accessories: drive kit and slide rail (length calculation). Recommended accessories: active or passive bridge connection kit and synchronous drive connection kit.
