DESCRIPTION

This mounting kit is the fastening assembly (B) of the Bosch Rexroth VF+ pneumatically adjustable lateral guide. Together with the adjustment unit 3842547707 and components from the lateral guide program, it forms the complete guide that adapts to changing product formats. The mounting and adjustment mechanism is placed below the conveyor, keeping the transported material easily accessible.

- Fastens the lateral guide below the conveyor for good accessibility
- Mounting also in horizontal and vertical curves
- Supplied unassembled including fastening material
- Requires a profile rail as accessory
