DESCRIPTION

The swivel-in T-slot nut fastens add-on components in aluminium profiles with slot 10. It is placed into the profile groove and locked with a 90 degree turn, so mounting is possible afterwards and without an open profile end. The stainless version with ESD suitability is intended for hygienic and electrostatically protected areas.

- Retrofit mounting without an open profile end
- High groove retention from 8000 to 18000 N
- Stainless steel with stainless spring steel, ESD suitable
