

Desoldering Pump Suction Hose - Hakko B1023

Item no. HK-B1023	Manufacturer Hakko	EAN 4962615517785
-------------------	--------------------	-------------------

Replacement suction hose designed for the Hakko 809 desoldering pump. Ensures optimal vacuum performance and reliable solder removal during PCB rework and repair operations.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko B1023 is a replacement suction hose for the Hakko 809 desoldering pump. This essential accessory maintains the vacuum integrity and performance of your desoldering equipment, ensuring consistent and effective solder removal from printed circuit boards.

KEY FEATURES

- Direct replacement for Hakko 809 desoldering pump
- Durable rubber construction for long service life
- Maintains optimal vacuum pressure during operation
- Easy installation and removal
- Reliable performance in high-volume rework environments

TECHNICAL SPECIFICATIONS

Compatibility	Hakko 809
Product Type	Replacement Part
Country of Origin	Japan

APPLICATIONS

Ideal for PCB rework, component removal, repair operations, and maintenance of desoldering equipment. Suitable for both professional electronics manufacturing and repair workshops.
