

Desoldering Station Damper - Hakko B2506

Item no. HK-B2506

Manufacturer Hakko

EAN 4962615530906

Replacement damper for Hakko desoldering stations FM 204, FM 474, FM 701, FR 400, and FR 410. Minimizes vibration and operational noise for improved stability and comfort.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko B2506 is a precision damper designed for use with Hakko desoldering stations. This replacement part reduces vibration and noise generated during desoldering operations, enhancing equipment stability and user comfort in professional electronics repair and manufacturing environments.

KEY FEATURES

- Compatible with multiple Hakko desoldering station models
- Reduces operational vibration and noise
- Improves equipment stability during use
- Genuine Hakko replacement part
- Easy installation and maintenance

COMPATIBILITY

This damper is designed for use with the following Hakko desoldering station models: FM 204, FM 474, FM 701, FR 400, and FR 410.
