

Desoldering Nozzle Trigger Tool N3 - Hakko B2876

Item no. HK-B2876

Manufacturer Hakko

EAN 4962615013652

Trigger tool for N3 desoldering nozzles used with Hakko desoldering pumps. Enables precise control and reliable actuation during solder removal operations. Original Hakko component.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko B2876 is a precision trigger tool designed for use with N3 desoldering nozzles on Hakko desoldering pump systems. This replacement component provides reliable actuation control for efficient and repeatable solder removal in electronics assembly and rework applications.

KEY FEATURES

- Compatible with N3 desoldering nozzles
- Precision-engineered trigger mechanism for consistent operation
- Genuine Hakko replacement part
- Designed for desoldering pump systems
- Durable construction for extended service life

TECHNICAL SPECIFICATIONS

Nozzle Type	N3
Product Type	Desoldering Nozzle Trigger Tool
Country of Origin	Japan

APPLICATIONS

Ideal for electronics repair, PCB rework, component replacement, and desoldering operations where precision control and reliability are essential. Suitable for professional technicians and manufacturing environments.

SCOPE OF DELIVERY

- 1x Hakko B2876 Trigger Tool for N3 Nozzles
