

Timing Belt for FT 710 - Hakko B3520

Item no. HK-B3520

Manufacturer Hakko

EAN 4962615032332

Genuine replacement timing belt for the Hakko FT 710 soldering station. Maintains smooth mechanical operation and precise solder feed control.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85439000
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko B3520 is a genuine replacement timing belt designed specifically for the FT 710 soldering station. This OEM part ensures optimal mechanical performance and reliable solder feed operation.

KEY FEATURES

- Original Hakko component for FT 710 compatibility
- Maintains precise mechanical timing and synchronization
- Ensures consistent solder feed performance
- Direct replacement part, no modifications required
- Manufactured to OEM specifications

TECHNICAL SPECIFICATIONS

Compatible Station	Hakko FT 710
Part Type	Timing Belt
Country of Origin	Japan

APPLICATIONS

Ideal for maintenance and repair of Hakko FT 710 soldering stations. Replace when belt shows signs of wear, slippage, or reduced solder feed accuracy.
