

Automatic Solder Feed Tube 0.6-1.0mm - Hakko C5058

Item no. HK-C5058	Manufacturer Hakko	EAN 4962615056574
-------------------	--------------------	-------------------

Replacement solder feed tube assembly for Hakko automatic solder feeders. Supports 0.6-1.0mm diameter solder wire. Compatible with multiple Hakko soldering iron models including FX8801, FX8805, FX8301, FX8002, FM2030, and FN1101.

TECHNICAL DATA

Country of Manufacture	Japan
HS-Code	85159080
Weight	0.1 kg

DESCRIPTION

OVERVIEW

The Hakko C5058 is a replacement solder feed tube assembly designed for use with Hakko automatic solder feeder systems. This component enables consistent, hands-free solder wire feeding for soldering irons, improving productivity and solder joint quality in high-volume production environments.

KEY FEATURES

- Supports solder wire diameters from 0.6mm to 1.0mm
- Compatible with multiple Hakko soldering iron models
- Precision-engineered for reliable wire feed performance
- Replacement part for automatic feeder maintenance
- Genuine Hakko component ensuring compatibility and durability

TECHNICAL SPECIFICATIONS

Solder Wire Diameter	0.6-1.0mm
Component Type	Feed Tube Assembly (2S)
Country of Origin	Japan

COMPATIBLE SOLDERING IRONS

FX8801, FX8805, FX8301, FX8002, FM2030, FN1101

APPLICATIONS

Ideal for production soldering environments requiring automatic solder wire feeding. Suitable for through-hole component assembly, wave soldering preparation, and high-speed manual soldering operations where consistent solder feed is critical.
