

Cover Cap 30x30 R ESD for Aluminium Profile - Bosch Rexroth 3842548777

Item no. BRR-3842548777

Manufacturer Bosch Rexroth

ESD-safe PP cover cap for Rexroth aluminium profiles with 30x30 mm cross-section and slot 8. Seals open profile ends against contamination while dissipating static charge in ESD-sensitive assembly areas. Supplied in packs of 20.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
HS-Code	39235090
Note	Gemäß der aktuellen Preisstruktur werden für Bestellungen von Profilen mit einer Länge von 1500 mm zusätzliche Kosten in Höhe von 80,00 Euro berechnet.
Weight	0.00218 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Cover Cap 30x30 R ESD closes the open face ends of aluminium profiles with a 30x30 mm cross-section (slot 8) in the Rexroth modular system with 30 mm grid dimension. Made from polypropylene (PP) with ESD-dissipative properties, the cap safely channels electrostatic charges away from the profile - making it suitable for assembly lines and workstations in ESD-protected manufacturing environments.

- ESD-safe: controlled dissipation of static charge, compatible with ESD-protected workstation systems
- Clean profile ends: prevents ingress of dirt and lubricants into open profile slots
- Precise fit: designed for cross-section 30x30 mm, slot 8, modular dimension 30 mm
- Economical ordering: packaging unit of 20 pieces

TECHNICAL DATA

Attribute	Value
Cross-section	30x30 mm
Profile slot	8
