

Cover Cap for Bracket 40x160 ESD, Black PP - Bosch Rexroth 3842548859

Item no. BRR-3842548859

Manufacturer Bosch Rexroth

Polypropylene cover cap for ESD-compliant assembly workstations using Bosch Rexroth bracket connections in size 40x160. Keeps connectors free of contamination and maintains a clean appearance in ESD-protected profile systems. Packaging unit: 20 pieces.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
HS-Code	39235090
Weight	0.0368 kg

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 40x160 ESD cover cap closes bracket connections in the Bosch Rexroth profile system flush and neat while meeting the requirements of ESD-protected assembly and inspection workstations. Made from polypropylene (PP), the cap fits form-accurately over the bracket and prevents the ingress of dirt and swarf.

- ESD-compliant: suitable for electrostatic-discharge-protected workstation environments
- Size 40x160: matches bracket connections of this dimension in the Rexroth profile system
- PP material: lightweight, dimensionally stable, and chemically resistant
- Black color: consistent appearance across ESD workstation configurations
- Pack of 20: cost-efficient stocking for series assembly
