

Radial Compensation 45 for Profile Slot 10, Signal Gray (RAL 7004) - Bosch Rexroth 3842551030

Item no. BRR-3842551030

Manufacturer Bosch Rexroth

Polyamide radial compensation element for Rexroth profile slot 10, compensating a 45-degree angular offset. Enables curved and angled connections within the aluminum profile system without custom parts. Supplied in signal gray (RAL 7004), packaging unit of 10.

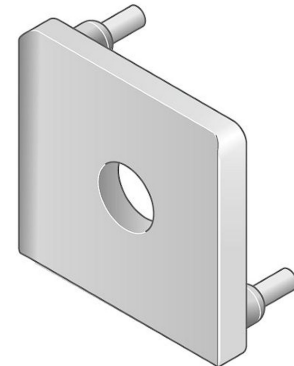

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **39235090**

Note **Gemäß der aktuellen Preisstruktur werden für Bestellungen von Profilen mit einer Länge von 1500 mm zusätzliche Kosten in Höhe von 80,00 Euro berechnet.**

Weight **0.043 kg**

20517

DESCRIPTION

The Bosch Rexroth Radial Compensation 45 is a polyamide (PA) connector element for the aluminum profile construction system. It compensates a 45-degree angular offset, making it possible to build arcs, diagonal connections, and non-orthogonal structures within the profile system - no custom fabrication required.

- Compatible with profile slot 10: direct integration into the Rexroth standard profile range
- 45-degree offset compensation: enables curved and angled profile connections
- PA material: lightweight, corrosion-resistant, and electrically insulating
- Signal gray RAL 7004: visually consistent with Rexroth standard profiles
- Packaging unit of 10: cost-effective stocking for series assembly

TECHNICAL DATA

Property	Value
Profile slot	10
Angle	45°
Material	PA (polyamide)
Color	Signal gray (RAL 7004)
Weight	0.043 kg

	Property	Value
	Packaging unit	10 pieces
