

90-Degree Diverter Right VFplus 90 - Assembly Kit for Conveyor Lines - Bosch Rexroth 3842551110

Item no. BRR-3842551110

Manufacturer Bosch Rexroth

Complete assembly kit for a 90-degree right-hand diverter in the Bosch Rexroth VFplus 90 conveyor system. Enables optional track changes between curving conveyor sections while an integrated support keeps workpiece pallets stable as they cross the section gap. No accumulation operation against the diverter blade is permitted.

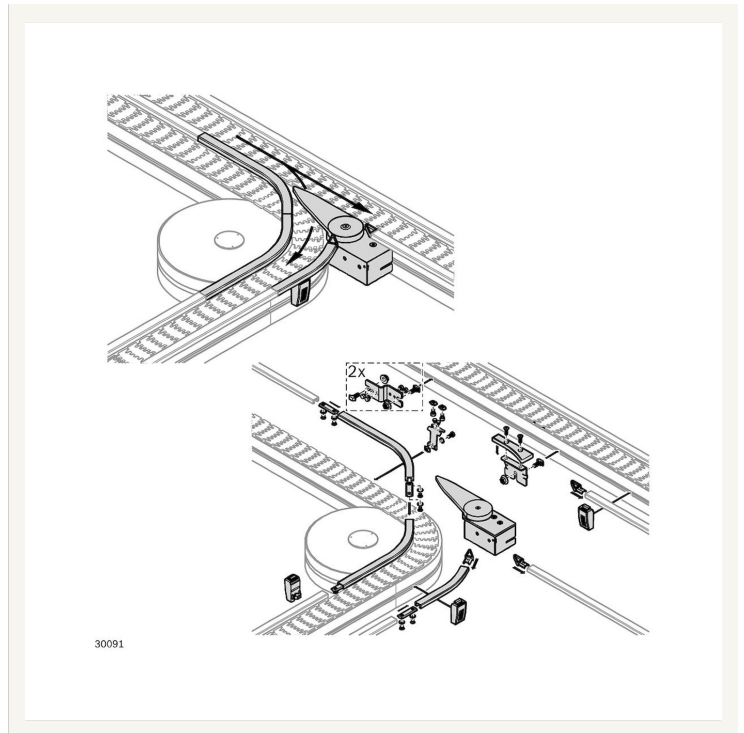

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.0099 kg**

DESCRIPTION

The 90-degree right-hand diverter for VFplus 90 is a ready-to-install assembly kit designed to add track-switching capability to existing Bosch Rexroth VFplus 90 conveyor lines and curve wheels. It allows flexible line layouts with optional routing between different curving conveyor sections.

- Integrated support prevents workpiece pallet tipping across the section gap
- Complete kit including all fastening parts - no additional components required (except noted accessories)
- Diverter blade and sliding surface support in PA, black - low friction and wear-resistant
- Track width [b]: 90 mm
- Accumulation operation against the diverter blade is not permitted
