

90° Diverter Right for VFplus 65 - Bosch Rexroth 3842551111

Item no. BRR-3842551111

Manufacturer Bosch Rexroth

Complete assembly kit for track changes at 90° curves, right-hand exit, on VFplus 65 conveyor systems. The integrated support prevents workpiece pallets from tipping as they cross the section gap. Accumulation operation against the diverter blade is not permitted.

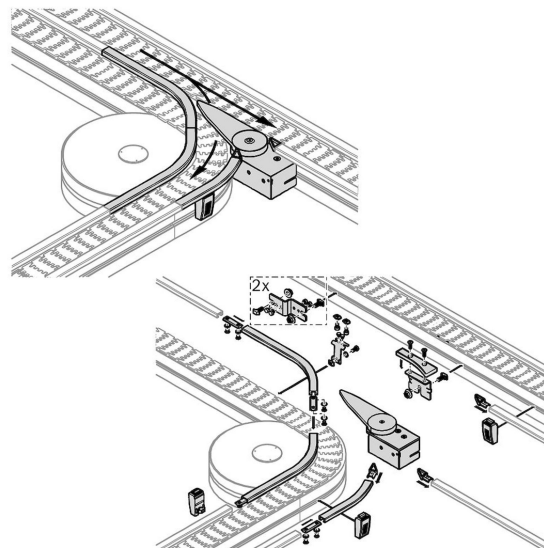

TECHNICAL DATA

Ausführungs-kategorie **TEC**

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.0099 kg**

DESCRIPTION

The 90° diverter, right (VFplus 65) enables optional track changes between curving conveyor sections at a 90° right-hand exit angle. The kit mounts directly onto existing VFplus 65 sections and curve wheels and includes all fastening parts. The built-in sliding surface support keeps workpiece pallets stable across the section gap - accumulation operation against the diverter blade is not permitted.

- Complete kit including all fastening parts for installation on existing VFplus 65 conveyor sections
- Integrated support prevents workpiece pallet tipping across the section gap
- Diverter blade and sliding surface support in PA (black) - low maintenance and quiet running
- Optional position sensing via separate sensor (art. 3842535150) can be retrofitted

TECHNICAL DATA

Attribute	Value
Type	Diverter 90°, right
Conveyor system	VFplus 65
Divert angle	90°
Exit direction	Right
Material - diverter blade / sliding surface support	PA, black

Attribute	Value
Scope of delivery	Kit including fastening parts
Required accessories (not included)	2 throttle non-return valves G 1/8"
Weight	2.1 kg
Position sensing	Retrofittable, art. 3842535150
