

90-degree Cross-Diverter, Left, VFplus 90 - Complete Assembly Kit for Transfer Systems - Bosch Rexroth 3842551138

Item no. BRR-3842551138

Manufacturer Bosch Rexroth

This 90-degree left cross-diverter combines junction and diverter functions in a compact unit, enabling safe workpiece pallet transfer across the section gap without tipping. Supplied as a complete kit with all fastening parts for direct installation on existing VFplus 90 sections and curve wheels. Permissible operating speed is 4 m/min to 18 m/min.

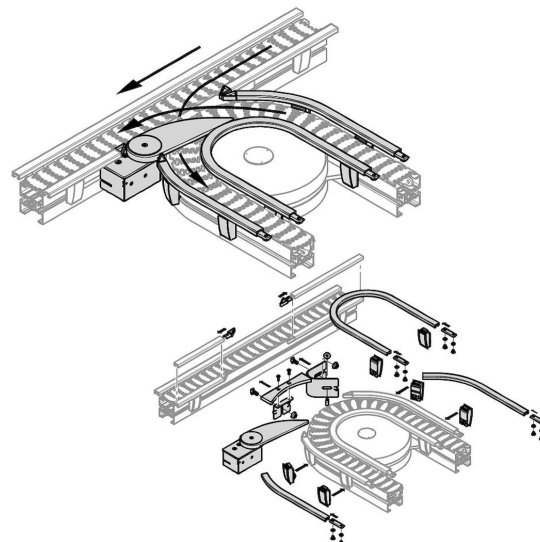

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.0099 kg**

DESCRIPTION

The 3842551138 cross-diverter for the Bosch Rexroth VFplus 90 transfer system merges junction and diverter functions into a single compact component - reducing the footprint of automated assembly layouts. The integrated sliding surface support keeps workpiece pallets stable across the section gap, eliminating tipping risk during transfer.

- Two functions in one: junction and diverter combined in a short overall length
- Ready to install: complete kit including all fastening parts for existing sections and curve wheels
- Tipping-safe transfer: support bridge spans the section gap securely
- Defined speed range: 4 m/min to 18 m/min for reliable, disturbance-free operation
- Note: no accumulation operation against the diverter blade

TECHNICAL DATA

Parameter	Value
Type	Cross-diverter 90°, left
System	VFplus 90
Size [b]	90 mm
Diverter angle	90°
Direction	Left

Parameter	Value
Permissible speed	4 m/min - 18 m/min
Material - diverter blade / sliding surface support	PA, black
Weight	3.45 kg
Scope of delivery	Kit including fastening parts
Article number	3842551138
