

Housing Element for HD 2/H Transfer System, 480 x 800 mm, 180° - Bosch Rexroth 3842552616

Item no. BRR-3842552616

Manufacturer Bosch Rexroth

Housing element for the Bosch Rexroth HD 2/H transfer system, sized for a 800 mm pallet length and 480 mm pallet width at a 180° opening angle. Encloses the area below the conveying level to protect drive components and assemblies from contamination and external interference. Protection above the conveying level must be configured separately for each application.

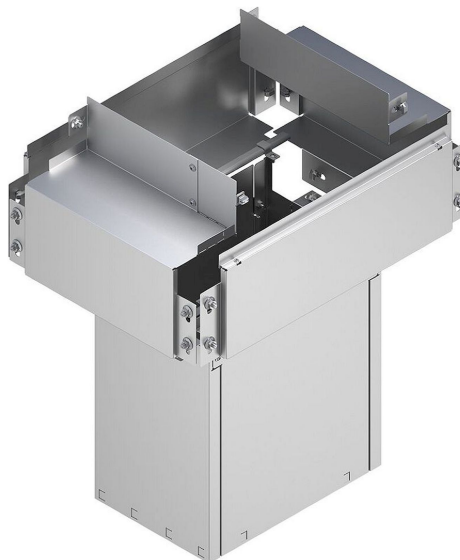

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **73089059**

Weight **0.0099 kg**

DESCRIPTION

The housing element 3842552616 closes off the space below the conveying level of the Bosch Rexroth HD 2/H transfer system, shielding drive components and sub-assemblies from contamination and unintended mechanical contact. It is designed for a workpiece pallet length of 800 mm and a pallet width of 480 mm, with a 180° opening angle that allows full access during maintenance. Protection above the conveying level must be configured individually for each application.

- Precise fit for the HD 2/H transfer system below the conveying level
- Workpiece pallet length 800 mm, pallet width 480 mm
- 180° opening angle for unrestricted access during service operations
- Shields drive components from dirt, chips and accidental contact
