DESCRIPTION

The flocked conveyor chain 90+ is a ready-to-install chain for the Bosch Rexroth VarioFlow plus conveyor system, size 90. The PA flocking (3.3 dtex, anthracite) provides a soft contact surface that reliably protects painted, polished or otherwise sensitive workpieces from surface damage during transport.

- Size 90: direct fit for VarioFlow plus installations in the 90 series
- Fully assembled: ready to use immediately, including chain pin and pivot pin - no assembly required on-site
- POM chain link: low-friction, chemical-resistant, suitable for clean-room and food-adjacent applications (verify per application)
- PA 3.3 dtex flocking, anthracite: soft textile surface prevents scratching of lacquered or polished parts
- Chain pin in stainless steel 1.4301: corrosion-resistant and hygienic
- Pivot pin in PA 66: lightweight, dimensionally stable, low-noise operation
