

Connection Cable FU 8400motec for VarioFlow plus Drive - Bosch Rexroth 3842553512

Item no. BRR-3842553512

Manufacturer Bosch Rexroth

Pre-assembled connection cable for the Bosch Rexroth FU 8400motec frequency inverter in the VarioFlow plus aluminium conveyor system. Provides a reliable electrical connection between the inverter and the drive motor, matched to the system's specifications. Suitable for VarioFlow plus AL-series chain conveyor installations.

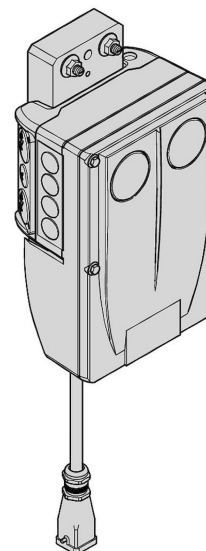

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **85444290**

Weight **63 kg**

DESCRIPTION

The FU 8400motec connection cable is the correct mating cable between the Bosch Rexroth FU 8400motec frequency inverter and the drive motor in the VarioFlow plus aluminium system. As a pre-assembled original accessory, it ensures proper electrical connection and simplifies commissioning of AL-series chain conveyor lines.

- Matched to the FU 8400motec frequency inverter in the VarioFlow plus drive system
- Pre-assembled design - ready to connect, no additional wiring work required
- Genuine Bosch Rexroth accessory for reliable, validated operation

TECHNICAL DATA

Property	Value
Weight	0.063 kg
Compatible system	VarioFlow plus aluminium system
Compatible device	Frequency inverter FU 8400motec
Manufacturer	Bosch Rexroth
