

Roller A=90 for Transfer System TS 2plus - Bosch Rexroth 3842554658

Item no. BRR-3842554658

Manufacturer Bosch Rexroth

Roller for the cross-transfer unit of the Bosch Rexroth TS 2plus transfer system, designed for lifting and cross-transfer assemblies with a centre distance of 90 mm. Supplied unassembled, with all fastening material included.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	84821090
Weight	0.1 kg

DESCRIPTION

The Roller A=90 is an original component for the Bosch Rexroth TS 2plus transfer system, used in lifting and cross-transfer units within the cross-transport section. Supplied unassembled and complete with fastening hardware, it allows direct, system-compliant installation at the point of use.

- System component for lifting and cross-transfer units in the TS 2plus transfer system
- Centre distance A=90 mm for a defined installation position
- Includes all fastening material - no separate order required
- Supplied unassembled for flexible integration into the conveyor line
