DESCRIPTION

The Connecting Kit 160+ Bridge ACT T links active conveyor sections within the Bosch Rexroth VarioFlow plus aluminum chain conveyor system (size 160 mm). Supplied partially assembled, it reduces on-site installation time. The scope of delivery includes fastening material, transmission, and protective cover - everything required for a ready-to-run bridge connection.

- Partially assembled - reduced installation effort on site
- Includes fastening material, transmission, and protective cover
- Stainless steel 1.4301 plus PA, POM, ABS, and PUR for corrosion resistance and long service life
- Size 160 mm, compatible with the VarioFlow plus aluminum drive and deflection system
