

Polymer Guide Profile SF ESD, Variable Length 30-3000 mm - Bosch Rexroth 3842993617

Item no. **BRR-3842993617**

Manufacturer **Bosch Rexroth**

ESD-safe polymer guide profile for shelf systems and transport guides in manual assembly lines. Supplied cut to variable length from 30 to 3000 mm, eliminating off-cut waste. Designed for electrostatic protected area (EPA) workstations.

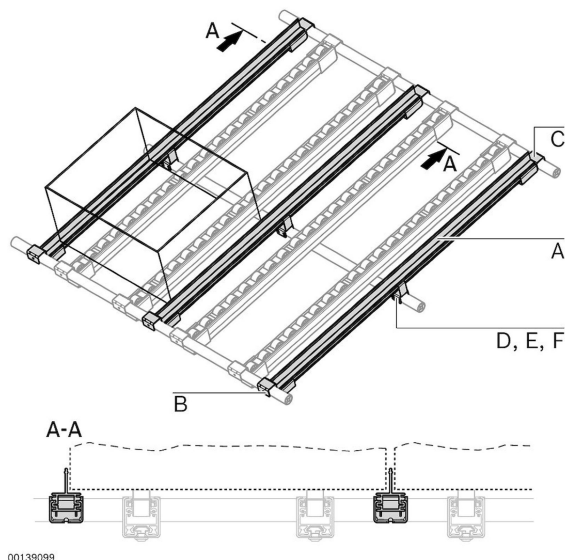

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

HS-Code **76042100**

Weight **0.15 kg**

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The Profile SF ESD from Bosch Rexroth is a polymer guide profile for shelf systems and transport guides within manual production systems. The ESD version safely dissipates electrostatic charges, protecting sensitive components at EPA workstations.

- ESD-compliant: reliable static charge dissipation for EPA environments
- Variable length: cut to order from 30 mm to 3000 mm - exact fit, no waste
- Polymer construction: lightweight, corrosion-resistant, smooth-running guide surface
- System-compatible: integrates with the Bosch Rexroth manual assembly system range

TECHNICAL DATA

Attribute	Value
Type	Profile SF ESD
Article number	3842993617
Condition on delivery	Variable length (cut to size)
Length min [L min]	30 mm
