Weight	0.1 kg

DESCRIPTION

The Side Guide Profile Rail LE01 is the primary carrier profile for side guidance in the Bosch Rexroth VarioFlow plus chain conveyor system. Supplied in anodized aluminium, it is available in any length from 200 mm to 3000 mm, allowing precise adaptation to individual conveyor layouts without excess waste.

- Variable length range 200 mm to 3000 mm - suits short transition segments and long guiding runs alike
- Anodized aluminium - corrosion resistant, lightweight, and mechanically durable
- Fully compatible with the VarioFlow plus accessory range: slide rails, profile connectors, clamping holders, cover caps, and clamping heads
- Delivery unit: 1 piece, length to customer specification
