

Variable Idle Roller EcoFlow, Steel Galvanized, EL 105-1005 mm - Bosch Rexroth 3842994988

Item no. BRR-3842994988

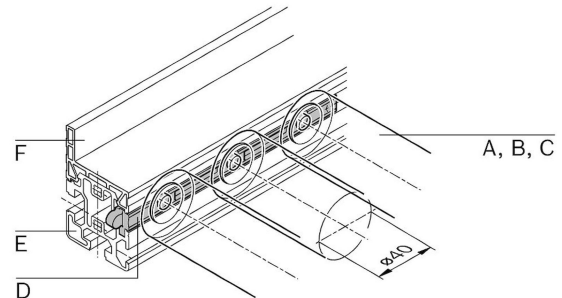

Manufacturer Bosch Rexroth

Adjustable idle roller for the Bosch Rexroth EcoFlow conveyor linking system, covering roller lengths from 105 mm to 1005 mm in a single component. Galvanized steel construction resists corrosion in continuous production use. Rated to 500 N, suited for manual assembly lines with varying workpiece carrier widths.

TECHNICAL DATA

HS-Code **83022000**

Weight **0.07 kg**

00138973

DESCRIPTION

The variable idle roller 3842994988 is a component of the EcoFlow linking system, designed to guide workpiece carriers smoothly along manual assembly lines. Its adjustable length eliminates the need to stock multiple fixed-length rollers for different line widths.

- Adjustable roller length from 105 mm to 1005 mm - one part covers a wide range of line widths
- Galvanized steel construction - corrosion-resistant for industrial assembly environments
- Max. load 500 N - matched to typical workpiece carriers and subassemblies in manual production

TECHNICAL DATA

Attribute	Value
Roller length min [EL min]	105 mm
Roller length max [EL max]	1005 mm
Force [Fmax]	500 N
Material	Steel, galvanized
