

Eco Flow Return Stop, Adjustable EL 105-1005 mm - Bosch Rexroth 3842995017

Item no. BRR-3842995017

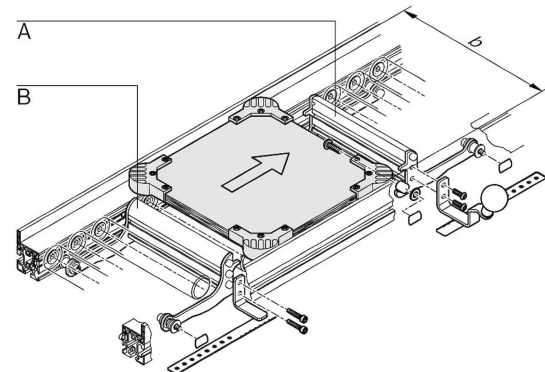

Manufacturer Bosch Rexroth

This return stop for the Eco Flow roller conveyor system prevents workpiece pallets from rolling back and adjusts to roller lengths from 105 mm to 1005 mm, covering the full range of standard conveyor sections. Supplied pre-assembled with fastening material included. Bosch Rexroth recommends pairing it with workpiece pallets with corner pieces for a defined stopping action.

TECHNICAL DATA

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.07 kg**

00138981

DESCRIPTION

The return stop 3842995017 for the Eco Flow roller conveyor system locks workpiece pallets in place and eliminates uncontrolled backward movement on assembly lines. Its adjustable roller-length range of 105 mm to 1005 mm means a single component covers virtually all standard conveyor section lengths, reducing the number of variants held in stock.

- Adjustable roller length EL 105 mm to 1005 mm - one part covers nearly all standard section lengths
- Prevents workpiece pallets from rolling back, protecting conveyor flow and assembly sequence
- Delivered pre-assembled with fastening material included - fast installation directly at the line
- Recommended use: combine with workpiece pallets with corner pieces for a defined stop position

TECHNICAL DATA

Specification	Value
Article number	3842995017
Roller length min (EL min)	105 mm
Roller length max (EL max)	1005 mm
Scope of delivery	Incl. fastening material
Delivery information	Delivered as components, pre-assembled
