

Stop Gate VE 4/D-250 for Transfer Systems - Bosch Rexroth 3842998055

Item no. BRR-3842998055

Manufacturer Bosch Rexroth

The VE 4/D-250 stop gate separates workpiece carriers or components at defined positions on 250 mm wide transfer lines. It integrates directly into Bosch Rexroth VE 4 assembly line systems and enables reliable, clocked material flow without additional control components.

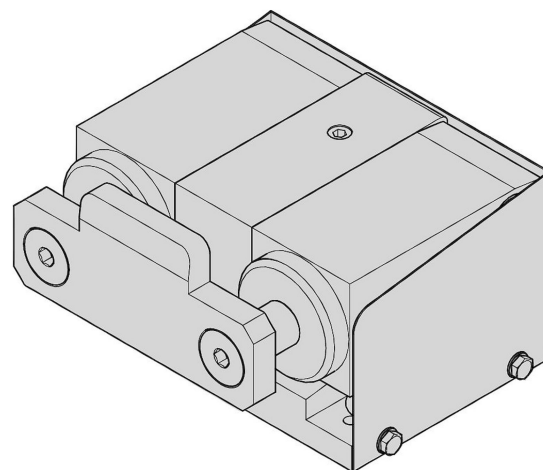

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.0099 kg**

33454

DESCRIPTION

The VE 4/D-250 is a mechanical stop gate for transfer systems with a 250 mm system width. It holds workpiece carriers at defined positions and releases them individually, ensuring a clocked, controlled flow of materials along the assembly line.

- Direct installation into Bosch Rexroth VE 4 transfer systems, 250 mm width
- Mechanical separation - no additional control components required
- Low weight of 9.9 g for space-efficient installation in tight line sections
- Compatible with the Bosch Rexroth modular aluminium profile system

TECHNICAL DATA

Specification	Value
Article number	3842998055
Designation	Stop gate VE 4/D-250
System width	250 mm
Weight	9.9 g
Manufacturer	Bosch Rexroth
