

PE 4 Positioning Unit - Bosch Rexroth 3842998067

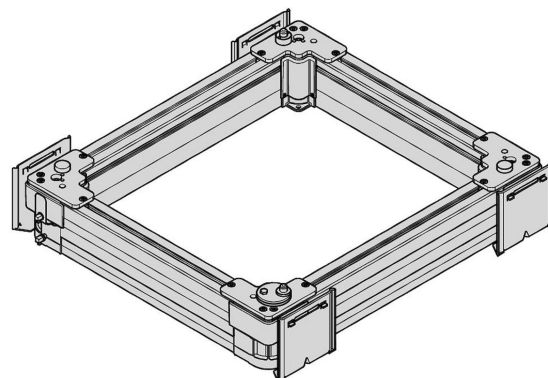

Item no. BRR-3842998067

Manufacturer Bosch Rexroth

The Bosch Rexroth PE 4 positioning unit is a compact alignment element for assembly and transfer systems. It enables precise positioning of workpiece carriers or components within modular transfer lines. The low weight of approx. 10 g suits weight-optimised assemblies.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
HS-Code	84313900
Weight	0.0099 kg

00012937

DESCRIPTION

The PE 4 positioning unit is an accessory component from the Bosch Rexroth assembly technology portfolio, designed for defined positional alignment of workpiece carriers or parts in transfer systems and assembly lines.

- Compact design for space-saving integration into existing assembly lines
- Low weight (approx. 10 g) suitable for weight-optimised installations
- Compatible with the modular Bosch Rexroth assembly system
