

Curve KU 2/180 for Transfer System TS 2plus - Bosch Rexroth 3842998099

Item no. BRR-3842998099

Manufacturer Bosch Rexroth

The Curve KU 2/180 redirects workpiece carriers by 180° within the TS 2plus transfer system. Supplied fully assembled, it supports section loads of up to 70 kg in accumulation operation and is available in lengths from 160 to 1040 mm in the direction of transport.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

HS-Code **84313900**

Weight **0.1 kg**

DESCRIPTION

The Curve KU 2/180 is a fully assembled direction-change unit for the Bosch Rexroth TS 2plus transfer system. It provides a 180° deflection and integrates directly into the transfer line with no additional fitting work required on site.

- Section load in accumulation operation up to 70 kg - suitable for heavy workpiece carriers in linked assembly lines
- Length in direction of transport from 160 to 1040 mm - adapts to the available installation space
- Fully assembled on delivery - minimises on-site installation effort
- Maximum operating temperature +40 °C - rated for standard production and assembly environments

TECHNICAL DATA

Parameter	Value
Type	KU 2/180
System	Transfer system TS 2plus
Length in direction of transport [IT]	160, 240, 320, 400, 480, 640, 800, 1040 mm
Preferred values	160, 240, 320, 400, 480, 640, 800 mm
Section load in accumulation operation	70 kg

Parameter	Value
Operating temperature max.	+40 °C
Scope of delivery	Curve, complete
Delivery information	Fully assembled
Recommended accessories	Section supports SZ 2/..., Accumulation pressure control e.g. with WI/M rocker, Connection kits, LU 2 Automatic Lubrication Unit
